Hands  
range

## OUR GOALS

- + To optimise hygiene performance on your production site
- + To preserve the quality of your food
- + To respect and preserve operators' hands

## A COMPLETE, EFFICIENT SOLUTION

- 1 WASH**

  - Optimises Disinfection
  - Removes irritating residues left by the production processes to prevent occupational dermatitis
  - Contains gentle soap to preserve the skin's natural barrier
  - Use disinfectant soap to complete the Stage 2 disinfectant action
- 2 DISINFECT**

  - Eliminates micro-organisms and reduces risk of food contamination
  - The active ingredients offer a broad spectrum of activity for increased efficiency
  - No rinsing necessary to prevent the risk of contamination by water
  - Is not a substitute for washing hands
- 3 NOURISH**

  - Prevents skin disorders to improve hand-cleaning. Optimum hand-cleaning lowers the risk of food contamination
  - Protects workers' skin
  - Helps to combat occupational dermatitis

## OUR PRODUCTS

### SOFTY TOUCH' HYPOALLERGENIC

In the food industry, workers often suffer from skin disorders: dryness, irritation, etc. Our aim is to respect and protect workers. SOFTY TOUCH' is a hypoallergenic soap, formulated using ingredients selected for their excellent dermal compatibility.

- + Dermatologically tested
- + Close to the skin's physiological pH level
- + Excellent cleaning effect
- + Fragrance and colouring-free

### DUO TOUCH' 2 IN 1

DUO TOUCH' is a 2-in-1 soap which cleans and disinfects hands.
